

INSERT NOT TO SCALE

Blockwork from Lignacite Ltd -
type and finish to be specified

Approved Restraint Ties

Notes.

1. Flat section 'spine' posts are used for internal blockwork conditions where a fair face finish is required to both sides of the wall and where the post cannot protrude beyond either face of the wall.
2. The blockwork is usually tied through the post. Ties can be supplied with a de-bonding sleeve for use where there is a vertical movement joint.
